

## Exchange Opportunities to the U.S.

### Women2Women Virtual University 2021 Summer Program

#### Program Description:

The Women2Women International Leadership Program, sponsored by Empower Peace, is an educational and cultural experience for young women, aged 15-19. W2W provides the leadership training and cultural experience needed to succeed in a global community. The program brings together a network of promising young women from around the globe, engages them in the issues that define their lives, and provides them with the tools, relationships and opportunities required to lead.

The 2021 Women2Women Virtual Learning Experience will focus on "The Power of Women" and the critical need for women to further develop their leadership and communications skills in order to be successful in today's global economy. It will be a virtual exchange, all workshops will be online via the Zoom platform. The W2W Virtual University will feature eight online sessions, each 60 minutes in length, addressing important issues and teaching critical skills required for effective leadership. After each session, participants will take a multiple-choice test on the subject matter discussed. Those participants who receive a passing grade at the end of the program will receive the Women2Women Virtual University Leadership diploma and become part of the Women2Women alumnae program.
